Memorandum

To: Lower Boardman River Leadership Team
From: Jean Derenzy, DDA CEO
Date: November 16, 2018
Re: Great Lakes Fisheries Presentation

We are pleased to host the Great Lakes Fisheries Commission at our November 20th meeting. Dr. Andrew Muir, Science Director, with the Great Lakes Fisheries Commission in the Science and Research department will be presenting and providing an update on the FishPass project proposed in Downtown Traverse City.

As the Leadership Team continues to meet and work on a unified plan for the Lower Boardman River, it is imperative to work with partners. The last mile of the Boardman River is a critical area as it enters the Great Lakes.

Dr. Muir will give an update on the Fish Pass project and how it relates to the work of the Commission. He will be joined by the following.

Dr. Marc Gaden, Communications Director & Legislative Liaison
Dr. Dan Zielinski, Computational Scientist/Engineer
Reid Swanson, Fisheries Biologist
Frank Dituri, City of Traverse City Department of Public Services Director
